District_Name:Villupuram

Crop_Year:2025

Season:Whole Year

Crop:rice

Area:250

Yield Would Be:[11002.76424351]kgs/acre

MLP Accuracy:0.84

Crop Recommendation

Nitrogen Level:4.0

Phosphorus Level:3.0

Potassium Level:5.0

Temperature:71.0

Humidity Level:23.0

PH Level:6.0

Rainfall Level:1000.0

Recommended Crop:kidneybeans

Details:

Kidneybeans should be harvested.

Its a Rabi crop, so it must

be sown at the end of monsoon and beginning of

winter season e.g between September and October.
